

## Abbey Court School Trust

**Date agreed and implemented by board January 2025**

**Review date January 2026**

### **SAFEGUARDING POLICY**

The Trustees of the Abbey Court School Trust have formally adopted the Abbey Court School Safeguarding Policy at their meeting dated 2018.

Currently all Trust events are run in partnership with the school to ensure sufficient “manpower” to run appropriate fund-raising and educational events and services. There is full commitment from the school that a member of the Leadership Team and trained Safeguarding Lead will always be in attendance at Trust events who will assume responsibility in conjunction with Trustees in all safeguarding matters.

Trustees have the responsibility to:

- read and carry out policy as documented
- work alongside school Designated Safeguarding Lead and in accordance with the policy on all safeguarding matters.
- Attend school training events to regularly update their knowledge about safeguarding

The school has agreed to invite and include Trustees in all school safeguarding training.
