

Going to the Toilet

A Social Story

I walk to the toilets.

I close the toilet door and pull down my pants.

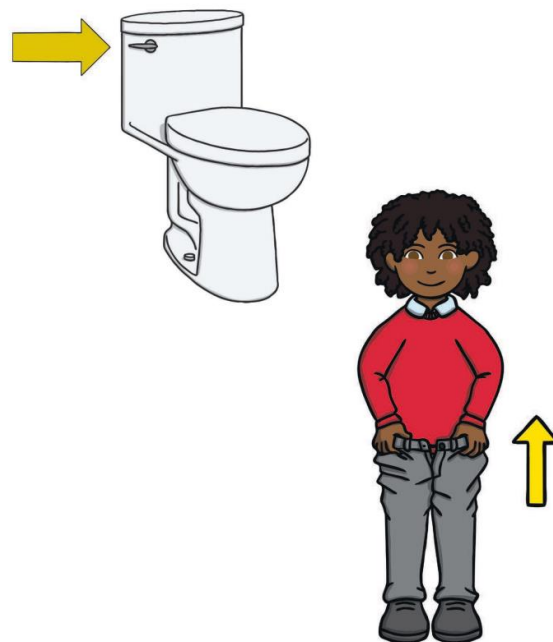

I use the toilet. This makes my family and school staff happy.

I rip off the toilet paper and use the toilet paper to clean myself.

I flush the toilet and then pull up my clothes.

Then I wash my hands.

I put soap on my hands and rub my hands together.

I rinse my hands.

Then it's time to dry my hands.

I used the toilet.

This makes everyone very proud!
